

Add Additional Account Holder

The best way to add you to the Family Account is to create an **Additional Account Holder**.

Log on to **AYSO18.org**

Go to My Account (system may jump here automatically or you may need to click My Account button)

From the **Primary Account Holder's account**, go to Settings (Gear Icon at top right)

Please note that when the Additional Account Holder creates the **new account, it must have a unique username**. If the person had an account previously, you cannot reuse the same username.

You CAN use the same email again. Or if you are registering a child as an Additional Account Holder, you may use the parent's email. You will receive a warning that the email is being used by another account. But you can continue through that warning.

Once that new account is created, you should see the same kids on the My Account page as the Primary Account Holder. Both account holders will receive notifications and be able to register the kids for programs. (Although only Primary Account Holders may register the kids to volunteer for youth positions.)

You will also both be able to use the Mobile App... Game Changer Team Manager. We recommend that the Primary Account Holder set up the App first.
